

UNIT 1

ARTISTIC SHAPES AND MOVEMENTS

1. In what three ways can artistic shapes and movements
 - through games
 - through dance/music
 - through physical activities
 - through artistic activities eg. knitting, sewing, carving etc.
 2. Mention any two common characteristics of both people and animals.
 - movement
 - feeding
 3. Describe any two importance of movement to people and animals.
 - protection from danger
 - searching for food
 - helps in development of skills eg muscle coordination
 4. State the two ways how movement is done.
 - as reflex action (unplanned)
 - as planned action
 5. Give any three examples of physical activities where movement is done.
 - jumping
 - running
 - chopping wood etc.
 6. How are shapes drawn?
 - by joining lines and cycles.
 7. What are the two types of lines?
 - curved lines
 - straight lines
- 
8. What name is given to shapes made by lines and cycles?
 - geometric shapes
 9. Apart from joining lines, in what two ways are shapes created?
 - through writing
 - sewing
 10. Outline sources of risks in each of the following sports and artistic activities.
 - (i) sports -playing fields (with stones, sharp objects, litter, anthills).
 - equipments (eg balls, javelin, discus, shot put).
 - lack of warm-up and cool-down
 - violation of safety rules
 - (ii) art activities
 - (a) singing -using wrong pitch can strain the vocal cords.
 - (b) dancing and drama-vigorous dances can cause muscle cramps eg break dance.
 - (c) carving -sharp equipments used can cause cuts if not handled properly.
 - (d) weaving -materials eg palm leaves can cut one's body -some materials are poisonous
 - (e) knitting -knitting needles can hurt one's body -knitting thread can cut one's body
 - (f) sewing -sewing needles can cause harm -sewing thread can cause harm to the body.
 11. How can risks in sports and arts be avoided?
 - by following appropriate safety practice and precautions
 12. Describe how the following items are produced.

13. Define the following terms:

- (i) pattern - a shape of a cut out item
- (ii) template - an outline of an item

UNIT 2

PARTICIPATING AND COLLABORATING IN SPORTS AND ARTS

1. Give any two examples of arts and sports.
 - (a) arts -singing/dancing -drawing -sewing etc
 - (b) sports -football -running -golf -netball etc
2. Why is it important for children to participate in arts and sports activities?
 - they promote body coordination
 - they promote cooperation
3. What is needed for sports and art activities to be done effectively?
 - unity and cooperation.
4. Give any three reasons for playing sports and games.
 - for fun
 - for enjoyment
 - to promote unity
 - for socialization
 - as a career
5. State any two skills used in football
 - dribbling
 - heading
 - shooting
 - goal keeping
 - kicking
 - passing
 - ball controlling
 - marking
6. Why is it necessary to learn skills before participating in real games?
 - to enhance confidence and sharpen the skills.
7. What are the common skills used in netball?
 - catching
 - shooting
 - passing
 - marking
 - throwing
 - dodging
8. Explain why singing is the most powerful form of communication.
 - it is an effective medium of communication since it draws attention of the audience.
9. Name the oldest human activity
 - dancing
10. Identify historical events associated with the following dances.
 - (i) Tchopa and Likhuba -associated with rain making.
 - (ii) Ingoma/Ngoma-associated with war
 - (iii) Beni -associated with british parade soldiers
11. Why do traditional dances change from time to time?
 - because of influence from other cultures
12. Describe one factor which has caused a change in traditional dances.
 - creation of contemporary dances.
13. What are contemporary dances?
 - are dances from foreign countries

15. Suggest any three importance of sports attire and costume in sports and artistic performances.
 -act as identity -add beauty -attracts audience
 -allow free body movements during performance

16. What are the two ways of getting sports attire and costume?
 -improvisation (making them locally)
 -buying from shops

17. Explain any two importance of making costumes using locally available resources.
 -promote designing skills -it is cheap
 -promote creativity

18. What should be considered before designing the sports attire and costumes?
 -the occasion intended for

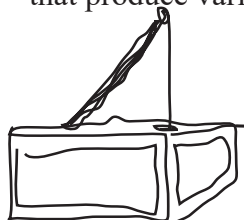

19. Describe any one way of caring for sports attire and costumes.
 -proper storage

20. Why should sports attire and costumes be cared for?
 -for them to last long.

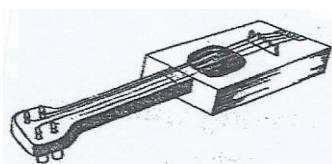

21. Why are musical instruments important?
 -they accompany singing and dancing
 -help to establish tempo of music
 -add beauty and variety in music

22. Distinguish between Tuned and Untuned musical instruments.

(i) tuned musical instruments are musical instruments that produce various pitches. Examples are:

(a) string bass

(b) guitar

(ii) untuned musical instruments are musical instruments that produce one pitch. Examples are:

(a) drum

(b) shakers

(c) hoe blade

(d) horn

(e) rasp

23. List down any five occasions when musical instruments are used.
 -initiation ceremonies
 -wedding -funeral -installation of chiefs-rallies

24. Describe how each of the following musical instruments are played.

- (i) guitar -plucking (ii) shakers -shaking
 (iii) horn, whistle, flute, badza, - blowing
 (iv) drum, dumbbells and xylophone produce sound by beating or hitting. Therefore, they are called percussion musical instruments.

25. Draw and name any three musical instruments.

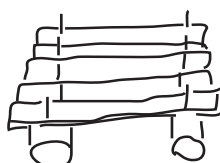

a. badza

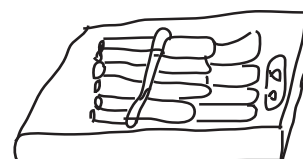

b. panpipes

c. flute

d. xylophone

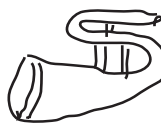

e. kalimba/ulimba/mbira

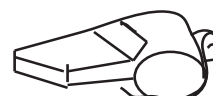

f. dumbbells/woodblocks

g. tambourine

h. trombone

i. whistle

UNIT 3: SELF EXPRESSION THROUGH ARTWORKS

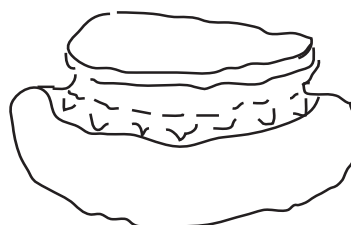

1. Name any five artworks.

- modelled items -woven items -stories -songs
 -knitted items -plaited items -carved items

2. Why are artworks important?

- they help in expressing and communicating ideas

Figure 1 is a drawing showing repetition and contrast. Use it to answer question 3 and 4.

3. Name the item.

- clay pot

4. How is the item in 3. above produced?

- modelling

5. Why is repetition and contrast important?

- add beauty -express ideas effectively
 -make certain areas to stand out

6. What are the two forms of communication?

- verbal form
- non-verbal form

7. Differentiate between verbal and non-verbal forms of communication.

- verbal form of communication means use of words to communicate while non-verbal form of communication means use of signs or gestures to communicate feelings.

UNIT 4: SOLVING CHALLENGES IN EVERYDAY LIFE

1. Outline any five examples of challenges in everyday life.

- disasters
- rapid population growth
- floods
- diseases
- droughts
- food shortage

2. What causes the challenges listed in 1. above?

- natural causes
- human activities

3. Explain one way of minimising the challenges in 1. above.

- using plays and posters to give messages on their dangers.

UNIT 5: PRODUCING VARIOUS ITEMS FOR THE COMMUNITY

1. List any three items which can be locally made.

a. broom

b. doormat

c. wooden spoon

2. What materials are used to make each of the following?

- (i) broom - palm leaves - straws - grass
- (ii) doormat - maize sheaths - sisal - thread
- sewing needle - banana leaves.

3. Describe how each of the items below are produced

- (i) doormat - plaiting
- (ii) wooden spoon - carving
- (iii) winnower/basket - weaving
- (iv) magyar shirt/magyar dress - sewing

4. List down tools used for making a wooden spoon.

- a. an adze - for removing unwanted parts
- b. broken glass - for smoothening
- c. chisel - removing unwanted parts

5. Where should carved items be kept in classroom?

- at the shopping corner

6. What should be done before marketing the items made?

- costing the items

UNIT 6: VARIOUS ARTISTIC ACTIVITIES

1. Mention examples of artistic activities where learners can participate.

- knitting baby bonnets and booties
- sewing a magyar dress or magyar shirt
- composing songs

2. Why should learners participate in artistic activities?

- to develop skills in order to be self-reliant in future

3. How can learners develop artistic skills?

- through practice

Study the drawing below and answer the questions that follow.

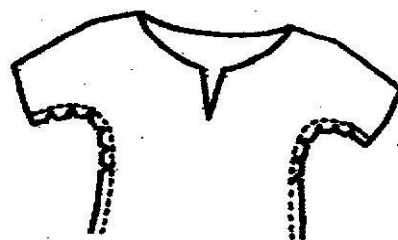

4. Name the item

- baby booties

5. List down materials for making the item in 4. above.

- knitting wool
- samples of baby bonnet
- knitting needles
- sewing needles
- safety pins
- podkin
- plastic bag for keeping the yarn

Study the drawing below and answer the questions that follow

6. Name the item

- magyar dress

7. List materials for sewing the item below

- pieces of fabric
- pairs of scissors
- pins
- sewing needles
- sewing thread
- tape measures
- patterns
- samples

8. Outline the common abbreviations in knitting

Abbreviations

c/on

Meaning

cast on

c/off

cast off

to

begin from to

rep

repeat

incl

including

beg

beginning

st st

stoking stitch

alt

alternate

tog

together

sts

stitches

k

knit

p

purl

wrd

wool forward

9. What type of stitch is used to apply an applique?

- hemming stitch

STANDARD 6

UNIT I

BODY COORDINATING ACTIVITIES

TOPIC 1: Traditional dances

1. Give one important aspect of general living.
-ability to coordinate body movements
2. What is the importance of the ability to coordinate body movements
-helps to prevent falls and injuries
3. Which three activities help people to enhance coordination of body movements?
-swimming -jogging -dances -flexibility exercises
4. Name traditional dances that are performed in each of the following districts in Malawi.
a. Nsanje -Likhuba and Utse
b. Dowa, Dedza, Ntchisi, Lilongwe -Mganda
c. Ncheu -Nsindo, Uyen
d. Mzimba, Mchinji - Ngoma/Ingoma
e. Northern part of Malawi -Vimbuza
5. Define the term 'educational dances'
-are dances where learners create body movements based on their personal experiences.
6. Explain the importance of traditional and educational dances
-they give identity of people in an area
-they enhance creativity of mind
-they help to strengthen muscles and bones
7. List down any three occasions during which traditional dances are performed.
-weddings -installation of chiefs -mass rallies
-funeral ceremonies -initiation ceremonies
-social gatherings

UNIT: 2

RHYTHMIC ACTIVITIES

TOPIC 1: Rhythmic patterns

1. What is the key element in childhood?
-responding to rhythm
2. What is meant by the term 'rhythm'
-Rhythm is the grouping of sounds and silences or action and pauses of varying duration usually controlled by regular beat
3. How do children acquire rhythmic abilities?
-rhythmic abilities come to children naturally
4. Give any two ways of expressing rhythmic abilities
-creative expressions -imitation -simple dances
5. Describe the importance of rhythm
-promote good health
-promote effective body coordination

TOPIC 2: Mirroring activities

1. Define the term 'mirroring'
-means imitating an activity as demonstrated.

page 4

2. Why is mirroring important?
-makes an activity easy to learn.
3. What should the leader do to ensure an easy way of imitating.
-should demonstrate well
4. Give the examples of mirroring activities
-in aerobics -minor games

UNIT 3

SELF EXPRESSION

TOPIC 1: Verbal and non-verbal communication

1. State any two forms of expressing and communicating feelings and ideas
-verbal form of communication
-non-verbal form of communication
2. Define the following terms
(i) verbal form of communication
-this is a form of communication that uses words
(ii) non-verbal form of communication
-this is a form of communication which uses gestures, writing, artworks and performances
3. What do the following examples of non-verbal form of communication mean?
a. shaking the head
-to show disapproval
b. nodding
-to show approval
c. beckoning
-to call a person
d. winking an eye
-to warn a person
e. laying a hand on the chest
-to show respect
f. bending the trunk
-to show respect
g. waving a hand
-to bid farewell (byebye)

TOPIC 2: Verbal and non-verbal forms of artworks

1. State any two examples of artworks which can be used to communicate ideas both verbally and non-verbally
-drama -songs -martial arts
*NB: The spoken words are verbal part of communication whereas the gestures are non-verbal form of communication.
2. What are the two examples of artworks which can be used to communicate ideas non-verbally
-drawings -posters

TOPIC 3: Effectiveness of verbal and non-verbal forms of communication

1. Explain the advantage of using verbal form of communication
-words communicated are mostly easy to interpret/understand

2. Explain one disadvantage of using verbal form of communication
 - some ideas are difficult to be understood when just said
 - it is language specific
3. What could be the advantages of using non-verbal form of communication?
 - it clarifies ideas (eg demonstrating using gestures)
 - it makes communication more interesting (eg gestures, drawings, posters and cartoons are generally interesting).
 - it is the most effective form of communication in sports, games, drama and music.
4. Suggest any one disadvantage of using non-verbal form of communication.
 - needs creativity
 - some gestures may be difficult to interpret or can wrongly be interpreted
 - the meanings of some gestures differ from one community to another (eg head shaking means disapproval in Malawi while in India it means approval).

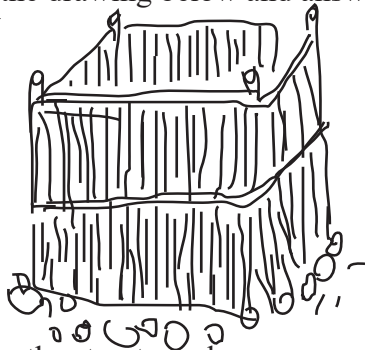

UNIT 4

IMPROVING THE QUALITY OF EVERYDAY LIFE

TOPIC 1: Healthlifestyles

1. List down artistic activities that promote good health
 - regular physical activities
 - constructing a bath shelter
 - constructing a sun table
 - composing and singing songs about health living
2. State any two basic requirements of life
 - bathing shelters
 - sun tables
 - toilets

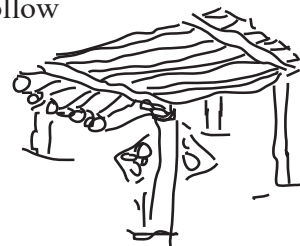

Study the drawing below and answer the questions that follow

3. Name the structure above
 - bath shelter
4. List down materials you can use for constructing the structure in 3 above
 - poles
 - sisal
 - stones
 - grass bundles
 - bamboo
 - nails
 - hoes
 - panga knife
 - meter rulers
5. Outline the guidelines for constructing a bath shelter
 - a. measure the site (2mx1.5m)
 - b. mark and dig holes
 - c. fix tree poles into the poles
 - d. fix strips of bamboo
 - e. place grass and fix it

f. level inner and make a drain

Study the drawing below and answer the questions that follow

6. Name the structure
 - sun table
7. What is it used for?
 - drying kitchen utensils
8. Which two materials are used to construct the structure in 6 above?
 - poles
 - sisal
 - bamboo
 - panga knife
 - nails

TOPIC 2: Conservation of the environment

1. List down any four artistic activities that depend on the environment for resources
 - carving
 - weaving
 - plaiting
 - modelling
2. Which of the artistic activities promote environmental degradation?
 - modelling clay pots
 - carving curios
3. Suggest any three effects of artistic activities
 - land degradation (modelling)
 - deforestation (carving)
 - air pollution
 - water pollution
4. Describe any one way of avoiding the effects of artistic activities on environment
 - planting trees to replace those cut down
 - avoiding collecting clay for modelling from the same place
 - disposing litter in proper places
 - using alternative materials for modelling eg pulp and plasticine

UNIT 5: CREATIVITY

TOPIC 1: Forms of art based on cross-cutting issues

1. What are cross-cutting issues?
 - Are problems that affect a cross section of people in the society.
2. List down any three examples of cross cutting issues.
 - HIV/AIDS
 - child abuse
 - child labour
 - corruption
 - democracy
 - gender
 - environmental degradation
 - human rights

- 3.State any two examples of artworks that can be used to pass messages on cross-cutting issues
-songs -drama -dances -posters -carved items -modelled items
- 4.Why are songs and drama powerful tools for passing messages on cross-cutting issues?
-they are effective since they both entertain and educate.
- 5.Why are posters effective in communicating messages on cross-cutting issues?
-because they easily catch the eye of people if well drawn
- 6.List down any four materials for drawing
-pencils -charcoal -coloured chalk -glue -markers -sugar solution -sheets of paper -crayons -rulers

UNIT 6 ARTISTIC SKILLS

TOPIC 1:*Various sports and games*

- 1.Outline any three artistic activities that require skills
-sports and games -making musical instruments -decorating the home -playing musical instruments -producing artistic items
- 2.Explain any one reason for playing sports and games
-for fun -for enjoyment -to promote unity -for socialisation -to promote good health
- 3.What are the two types of sports and games?
-individual sports -team sports
- 4.Describe individual sports
-are all sports and games which are played by one player at a time.
- 5.List down any three examples of individual sports
-golf -chess -table tennis -swimming -*bawo* -throwing (eg javelin or discus)
- 6.What is meant by the term 'team sports'
-are all sports and games which are played by more than one player at a time.
- 7.Write any three examples of team sports and games
-football -netball -handball -rugby -basketball -athletics
- 8.What is the role of an official in sports and games?
-to ensure that all rules agreed are being followed
- 9.Name officials responsible for each of the following sports and games
(i) soccer -referee,assistant referees,4th official
(ii) netball -umpire
(iii)athletics -starter,field marshal and track judge

- 10.Which two things must be observed in sports and games?
-honesty -integrity
- 11.State the factors that disturb sports and games
-bad weather -hooliganism
- 12.Write down two things that are highly forbidden in high level competitions
-use of energy enhancing drugs eg steroids
- 13.What is the advantage of team sports over individual sports?
-team sports encourage cooperation and unity

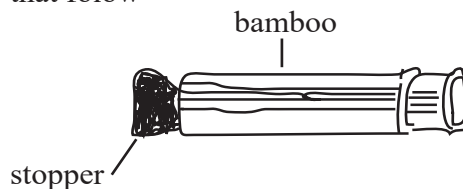

TOPIC 2:*Improving the home*

- 1.What important role does our home play?
-most of our time is spent there
- 2.Suggest any two skills that can help to improve the home
-cleaning -beautifying -practising economic use of resources
- 3.List down any four items for home improvement
-table mats -door mats -chair backs -wall hangings -paintings -drawings

TOPIC 3:*Local musical instruments*

- 1.What are percussion musical instruments?
-are musical instruments that produce sound by hitting or beating.(refer page 2)
- 2.What are wind musical instruments?
-are musical instruments which produce sound by blowing
- 3.State any two examples of wind musical instruments
-whistle -flute -trumpet -trombone -saxophone
- 4.List down any three materials for making shakers
-tin -seeds/small stones -stick

Study the drawing below and answer the questions that follow

- 5.Name the item
-bamboo shaker
- 6.Name two materials for making the item
-bamboo -cork -seeds/small stones
- 7.Name the item
-banjo

UNIT 7 MEANS OF COMMUNICATION

TOPIC 1: Traditional and modern means of communication

1. What is communication?
-it is the sending and receiving of messages
2. What are the three forms of means of communication?
-instruments -sending of envoys
-dressing of some kind
3. Give examples for each of the forms of means of communication
(i) instruments-horns of different animals
-drums of different sizes
-gongs or bells
-trumpets
-whistles
4. Suggest the messages which can be passed using the instruments above
-announcement of beer (eg gongs,horns)
-death announcement (eg bells, drums,gongs)
-announcement of war victory (eg trumpets)
-coming of enemies into the land (eg gongs,drums trumpets)
- (ii)sending of envoys
5. Describe the examples of envoys that are used to pass messages
a. bringing of a white chicken to the chief
-means accepting an offence committed
b. bringing a black chicken to a chief
-means a funeral message
- (iii)dressing of some kind
6. Explain examples of dressing which relay special messages
-wearing of a sack cloth and smearing ashes means something went wrong in the Bible
-a widow wears black cloth to show that she has lost a husband
-wearing of rings on certain fingers means that one is either engaged or married

Related questions

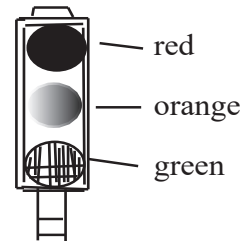

7. What does bringing of a white chicken to the chief mean?
-accepting an offence committed
8. How does a widow show that she has lost a husband?
-by wearing a black cloth
9. What is the fast modern way of communication?
-internet
10. Describe one importance of internet over other means of communication

-it gives more information on the topic

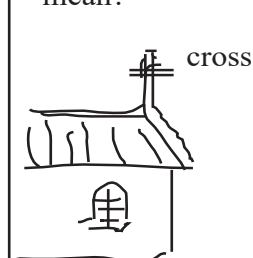

TOPIC 2: Culture and communication

1. State the forms of art that are used to communicate different messages
-colour -patterns -symbols -designs -sounds
(i) colour
2. What does red colour stand for in Malawi and China?
-In Malawi red stands for danger
-In China red stands for wedding
3. What is the meaning of white colour in Malawi and America?
-it stands for wedding in both countries

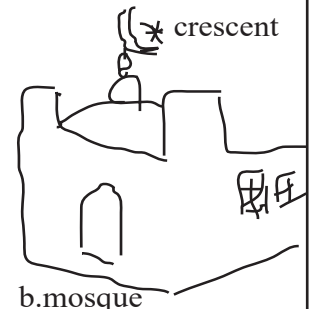

Study the drawing below and answer the questions that follow

4. What does the red colour mean on the structure above?
-it means danger
- (ii) patterns and designs
5. Give the meaning of tatoos(mphini) on human faces
-for beautification
- (iii)sounds
6. What does a cock crowing at night mean?
-it indicates dawn is approaching
7. The hooting of an owl at night means.....
-bad omen
- (iv)symbols and signs
8. What do the symbols on the institutions below mean?

a. church

b. mosque

9. State the meaning of a white flag on the roof or tree
-indicates wedding

10. Outline any three sources of TALULAR paints from the environment.
 - coloured flowers -red bricks -charcoal
 - sap of certain trees - coloured chaik -soot(*mwaye*)
 - ferric oxide(*chikhule*) -groundnuts(overroasted)
 - maize(overroasted) -bixa(curry seeds) -curry tubers(crushed) -leaves (juice or dry crushed)
11. List down any three local materials that can be used as soap
 - wood ash -bran(*madeya*) -fresh naphini leaves
 - tender sponge

TOPIC 3: The impact of technology in expressing and communicating

1. Identify any four examples of modern communication technologies
 - televisions -phones -internet -faxes -emails -sms (short message services)
2. Write any two advantages of modern communication technologies
 - it has improved the speed of doing things eg. internet enables one to get in touch with people from distant places
 - people are able to travel long distances by air
3. Suggest any three disadvantages of modern communication technologies
 - there is no restriction on what should be viewed
 - *this has resulted in bad experiences on pedophiles
 - the internet is flooded with pornographic materials
 - some TV programmes influence the youths negatively(eg. 10 children committed suicide as they were imitating how the hanging of Saddam Hussein was done)

UNIT 8
OUTDOOR ACTIVITIES

TOPIC 1: Physical and cultural activities and artworks in the community

1. What are some of the ways of producing artworks in the community?
 - painting -carving -weaving
2. Name any two examples of cultural activities in the community
 - traditional dances -rites of passage
3. What is meant by the term 'rite of passage'
 - a ceremony that is done to mark different stages of a person's life from birth to death
4. List down any two examples of rites of passage
 - initiation ceremonies -marriage -birth of a child
 - death
5. Mention any two physical activities that are done in the community
 - swimming -nature exploration -mountain climbing

6. Define the term 'nature trail'
 - is the path taken by the learners in outdoor activities
7. Describe one importance of physical activities
 - help to improve health standard of people
8. Why are cultural activities important?
 - they give identity to the community
9. Explain one importance of artifacts
 - are a source of income when sold
 - can be a source of foreign exchange

UNIT 9
INTERPRETATION OF ARTWORKS

TOPIC 1: Traditional songs and dances

1. Mention any three examples of artworks
 - songs -dances -carved items - garments etc

Study the picture below and answer the questions that follow

2. Identify the traditional dance shown above
 - malipenga
3. List down any two occasions when traditional songs and dances are performed
 - weddings -initiation ceremonies -social gatherings -funeral ceremonies -political rallies
 - installation of chiefs
4. Describe any two importance of traditional songs and dances
 - give identity of the society
 - used to convey different messages
 - for entertainment
 - some dances are used for healing
5. What four things must be considered when singing and dancing?
 - context(situation) -space -audience
 - staging (organisation)

TOPIC 2: Art items showing cultural heritage

1. Give any three ways of describing art items
 - appearance -shape -decorations
2. Mention any two art items which depict culture
 - carved items(eg wooden spoons)
 - woven items (eg baskets, winnowers)
 - plaited items (eg hat)
 - modelled items (eg clay pot)
 - garments

3. Why is mock selling of art items important to the learners?
 - to show that they can earn a living from art products
 - to create a spirit of excellence in the learners

4. State any three marketing skills for artifacts
 - displaying -pricing -advertising -storing

- NB* Why are patterns important?
- they differentiate one item from another
 - they make things look beautiful/attractive

UNIT 10 ARTISTIC PERFORMANCE

TOPIC 1: Drama story lines

1. State any two examples of artistic performances
 - drama -dance -music -physical exercises -sports
2. Outline any three aims of artistic performances
 - educating -entertaining -as part of exercises
 - as a form of competition
3. Why is it necessary for the performers to wear attire that suits the kind of performance?
 - they make performers look attractive
 - they help performers to be easily identified
 - the attire allows free body movements during performance
4. What name is given to roles performed by people in drama?
 - characters
5. Name the two types of characters.
 - actors (men)
 - actresses (women)
6. Define the following terms as used in drama
 - **plot
 - is the story on which drama is performed
7. In what two ways is a plot divided?
 - (i) an act
 - is a larger segment of the story (plot)
 - (ii) scene
 - a sub division of an act (smaller segment)
8. State any two characteristics of a good storyline
 - it leaves the audience in suspense up to the end
 - teaches a moral lesson
9. What must be done before a drama performance?
 - writing storylines and assigning actors and actresses.
10. What are the two types of plays?
 - tragedy
 - comedy

TOPIC 2: Producing attire for sports, dance and drama

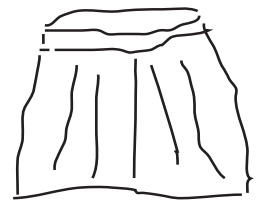

1. Define the term 'improvisation'
 - means making things using what you readily have
2. What is meant by an abbreviation 'TALULAR'
 - it means Teaching And Learning Using Locally Available Resources
3. What are the two ways of acquiring attire for sports, dance and drama?
 - improvisation -buying from shops
4. Why is wearing attire in drama necessary?
 - the attire help to portray the character/role represented by the performer.
5. List down the materials for making attire for sports
 - cotton fabric -pins -paper patterns -elastics
 - sewing thread -embroidery thread -pair of scissors
6. Suggest materials you can use for making attire for drama and dance
 - old clothes -pair of scissors -razor blade
 - palm leaves -banana leaves -lengths of rope

Some attire could be the following

a. sports attire

a sports short

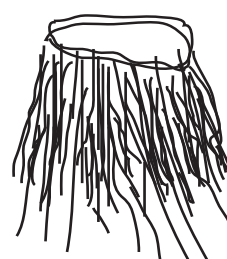

a sports skirt

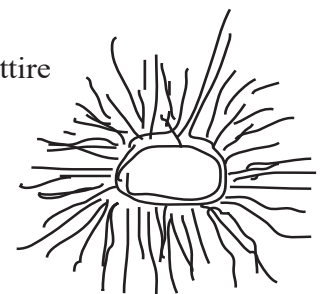

a sports vest

b. dance or drama attire

a skirt
made of palm
leaves

a head gear

UNIT 11 DECORATIVE ARTWORKS

TOPIC 1: *Aesthetic artworks*

- What are aesthetics?
-are appreciation of beauty
- Give any two examples of aesthetics
-facial expressions or gestures in dancing
-exaggerated movements in dancing
-use of dynamics in singing
-use of a variety of tempo in singing
- Define the the following terms
 - tempo
-is the speed at which sound moves (speed of song or how fast or slow the song is)
- Explain two importance of tempo
-add beauty to the song
-helps to avoid boredom
- dynamic
-loudness or softness of sound
- Why are dynamics important?
-they assist to create beauty in music
-they reduce monotony in music

- Write down dynamic symbols and state their meanings

<	crescendo	-	getting louder
>	decrescendo	-	getting softer
	fermata	-	holding the sound for some time
<i>P</i>	piano	-	singing softly
<i>PP</i>	pianissimo	-	singing very softly
<i>mp</i>	mezzo piano	-	singing moderately soft
<i>mf</i>	mezzo forte	-	singing moderately loud
<i>f</i>	forte	-	singing loudly
<i>ff</i>	fortissimo	-	singing very loudly

- Describe the importance of aesthetic artworks
-they help to add beauty to artworks
- Identify two traditional dances where aesthetic art works are commonly used
-mganda -malipenga

TOPIC 2: *Decorative patterns*

- List down art items that can be decorated
-garments -woven items -modelling -carved items
- Give one way of decorating garments
-using an applique
- What is an applique?
-is a decorative process of applying one material on to another

- Name any three art items that are suitably decorated using applique
-children's wear -night wear -household items
- How can attractiveness be achieved when working out an applique
-by contrasting the texture of the two materials
- State any two ways of decorating modelled items
-tattooing -incising/engraving -stamping
-impressing -polishing -burning -colouring
-staining -coiling
- How can woven items be decorated?
-interlocking warps and wefts in hexagonal or diagonal woven strips

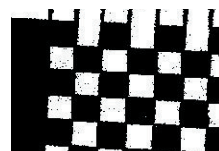

- Define the following terms

- weaving
-is the interlocking of warps and wefts.
- Warp is a set of strands which are laid across the loom at the beginning of weaving.
- Weft is the pattern strands woven in and out of the warp

See drawings below

- What are the types of weaving?
-check weave -twill weave

- Name any two products of weaving
-mats -baskets -granaries -nets
- What is plaiting?
-is the twisting of three or more strands
- Give any two products of plaiting
-ropes -table mats -mesh for hair -hats
-ropes for tying goats -doormats
- What is carving?
-is the removal of unwanted part from wood or stone to come up with a desired shape
- Suggest materials for carving
-wood - soap stone
- Explain the two importance of decorating artworks
-to make them look attractive
-to sell them at a better price (profit)

UNIT 12 HOME MAKING

TOPIC 1: Producing and marketing household items

1. Identify two ways of making the home comfortable
 - making household items
 - buying household items
2. Name any household items that can be made using raw materials found locally
 - utensils -pots -mortar and pestle -wooden spoons
 - chair backs
3. What materials can be used to carve items?
 - wood -soap stone
4. Give any two materials that can be used for modelling
 - clay soil -pulp
5. Why should clay items be dried in a shed?
 - direct sunlight cause them to crack
6. What process is used to make chair backs?
 - embroidering

TOPIC 2: Home recreation

1. List down the skills required in marketing art items
 - pricing -labelling -displaying -advertising
2. What two attitudes show customer care
 - patience -tolerance

ADDITIONAL NOTES

TOPIC: Body percussion musical instruments

1. Define body percussion
 - is the use of the body to produce sounds
2. Describe any four ways how the body can produce instrumental sounds
 - clapping hands
 - snapping fingers
 - slapping body parts eg thighs, chest and cheeks
 - tapping feet on the floor
 - whistling
 - ululating
 - clicking the tongue against the roof of the mouth

STANDARD SEVEN

UNIT 1 PERSONAL AND GENERAL SPACE

TOPIC 1: Boundaries and general space

1. Define the following terms
 - (i) Personal space (Kinesphere)
 - refers to the space within the reach of an individual (one's area of influence or direct control)
 2. State the factors that determine personal space
 - size of the person
 - the type of activity being done
 3. How is personal space created?
 - stretching or swinging the arms around one's body (this is to ensure that you do not touch anything or anybody)
 4. Describe any two importance of personal space
 - helps to avoid colliding with others
 - helps to do an activity freely
 - (ii) General space (*std 8 meaning*)
 - refers to the area in which a number of people operate (it can be a small room, a large field or a cafeteria)
5. List down the four components of general space
 - levels -extensions -floor pathways
 - air patterns
6. What does each of the following mean?
 - (i) levels
 - refers to how close to the floor, or how far away from the floor we are as we move
 - 6b. Give an example of an artistic activity where 'levels' are mostly useful
 - in games like football where players are advised to keep the ball low or send it higher as the case may demand
 - (ii) extensions
 - refers to the amount of space a movement pattern uses (it applies mostly to cases of locomotor actions)
 - 6c. What are the key words in extensions?
 - small and large -short and long
 - 6d. Name any one example of artistic sport where extensions apply
 - long jump (the jump may be long or short)
 - (iii) floor pathways
 - refers to how people move on the floor
 - 6e. How important is it for players to understand floor pathways?
 - it will help them learn to run in distinct patterns to improve their predictability

- (iv) air patterns
-refers to aerial directions
- 6f. What are examples of games where air patterns apply?
-netball -volleyball (the ball moves in space)
7. Give one example of activities that need space and cover distance
-long jump
8. Which activities need space but do not cover distance?
-stretching -sewing -aerobics -carving

TOPIC 2: *Artistic activities within personal and general space*

- Define the term artistic
-means creativity, beauty, and excellence in doing an activity be it physical or non-physical
- What are the two types of activities
-physical activities -non-physical activities
- What are physical activities?
-are activities that involve the use of a person's body rather than the mind
- State any four examples of activities that would be creative and showing elements of excellence
-dancing -drawing -carving -sculpturing -soccer -running -jumping -swimming -skiing -jabbings in boxing
- Explain the meanings of the following
 - sculpturing
-is the art of marking figures or objects from stone or wood
 - skiing
-moving on the snow on SKIS
*NB:SKI is one of a pair of long, flat, narrow pieces of wood or plastic that are fastened to boots and used for sliding over snow
- How is excellence achieved in each of the following?
 - soccer
-goal keepers diving successfully among the heads of strikers
 - running
-runners can attune their bodies to the proper bending of the trunk, arm, drive and knee lift
*attune -ability to put oneself in a position to achieve something
 - dancing
-dancers can bend necks, trunks, and shaking hips
 - drawing
-by mixing of colours and various representations

- Describe non-physical activities
-are activities that involve the use of mind rather than the body
- Give any three examples of non-physical activities
-bawo -chess -lay down -composing songs -composing poems

UNIT 2
BODY MOVEMENTS

TOPIC 2: Body movements in response to rhythm

- What is a rhythm?
-is a combination of different lengths of sounds and silences done repeatedly
 - How are sounds and silences represented?
-they are represented by musical notes
 - Define the term 'musical notes'
-are symbols that are used to represent sounds
- **Musical notes have different durations determined by a beat or pulse**
- Describe beat/pulse
-beat/pulse is a musical ruler that divides time into regular units
 - How many commonly used musical notes are there?
-there are five
 - Why are these five musical notes most useful?
-because they have a fixed relationship which helps to determine the length of each musical note
 - List down the five commonly used musical notes
-whole note -half note -quarter note -eighth note -sixteenth note
 - Describe each of the five musical notes
 - Whole note (semibreve)
-  is oval in shape and has a white note head.
 - half note (minim)
-  has a white head and a stem
 - quarter note (crotchet)
-  has a black head and a stem
 - eighth note (quaver)
-  has a black head, a stem and a flag

(v) sixteenth note

-  has a black head, a stem and two flags

9. Identify number of beats (duration) represented by the musical notes

 = 4 beats duration taa-aa-aa-aa

 = 2 beats duration taa-aa

 = 1 beat duration taa

 = $\frac{1}{2}$ beat duration ta

 = $\frac{1}{4}$ beat duration tafatefe

10. What is meant by the term 'time signature'?

- is a set of two numbers at the beginning of a rhythm or music transcription

11. How is the time signature written?

- it is written as a fraction eg $\frac{4}{4}$ $\frac{3}{8}$ $\frac{9}{16}$

12. Describe the meanings of the top and bottom number

- the top number shows the number of beats or counts in a bar
- the bottom number shows the name of a musical note that is getting one beat

TOPIC 2: Mirroring

1. What is mirroring?
 - activities that imitate the leader
2. What is the main purpose of mirroring?
 - it is intended to demonstrate a physical movement, a new dance step, a lay up in basket ball, a tennis serve and running activities
3. Explain how to demonstrate an activity in mirroring
 - the instruction progresses from explanation to demonstration while facing the class
 - demonstrate with the back turned to the class
4. Describe the importance of mirroring
 - it allows easy learning of the components
 - can be used to teach attention skills
5. Name any two activities where mirroring is commonly used

- aerobics
- minor games

6. Define the term 'aerobics'

- are physical exercises done following music

7. What are educational dances?

- are dances created by learners based on a theme

UNIT 3

CONVEYING CULTURAL MESSAGES

TOPIC 1: Garments conveying cultural messages

1. Name the examples of attire that convey messages
 - animal skins -white attire
 - black attire -sack cloth
2. What does the wearing of animal skins and shields symbolise among the Ngoni?
 - it symbolises that they are warriors
3. The bride wears white attire to symbolise....
 - purity
4. Why do widows wear black attire?
 - to symbolise sorrow
5. What did wearing of sack cloth by king officials mean in biblical times?
 - it meant that something had gone wrong

TOPIC 2: Sounds used to convey messages

1. List down any sounds which have cultural meanings
 - hooting of an owl
 - beating of gongs at dawn
 - beating of a drum
 - cock crowing
2. What does hooting of an owl symbolise in some cultures?
 - it symbolises bad omen
3. Beating of gongs at dawn symbolises.....
 - that beer is ready
4. What does beating of a drum symbolise?
 - it symbolises a funeral message
5. What is the meaning when a cock crows at night?
 - symbolises that dawn is approaching

TOPIC 3: Posture and body movements

1. Give any two examples of postures and body movements that convey cultural messages

- (i) taking off the hat temporarily when crossing with elders
-symbolises respect
- (ii) clapping hands gently and softly when crossing with an elderly
- symbolizes total submission and respect

TOPIC 4: Cultural dances

1. List down the occasions during which cultural dances are performed

-initiation ceremonies	-wedding ceremonies
-religious gatherings	-funeral ceremonies
-installation of chiefs	-rain making ceremonies
-political rallies	-social gatherings
2. Name an example of a TV programme which promotes cultural values
-zakwathu
3. Which tribes perform each of the cultural dances?

(i) gulewankulu	- the Chewa
(ii) ngoma	- the Ngoni
(iii) Chioda	- the Nkhonde
(iv) vimbuzi	- the Tumbuka
(v) likwata	- the Sena
(vi) jiri	- the Lomwe

UNIT 4

MULTI-CULTURAL PERFORMANCE

TOPIC 1: Artistic activities from various cultures in Malawi

1. What are multi-cultural performances?
-are performances from different cultures
2. Identify any three ethnic groups in Malawi
-lomwe -yao -tumbuka -sena -tonga
-chewa etc
3. State any four aspects of cultural performances that are similar or different
-attire -instruments used -type of performers
-organisation of the performance
4. List down any two examples of artistic activities from various cultures in Malawi
-folk dances -songs
5. What are folk dances?
-folk dances are recreational or ceremonial dances that are usually performed by members of the community.
6. Explain any two importance of folk dances
-they serve as an identity for a particular tribe or ethnic group
-they are part of overall culture of people

NB: The type of singing will determine the culture of that particular group

7. Why is it necessary to repeat the steps when performing folk dances?
-for any member of the community to participate
8. What do the movements and costumes reflect in folk dances?
-they reflect the mood of the dance
-they mirror the region where the dance originates
9. Describe the rituals attached to some folk dances among some tribes in Malawi
-rain making
-improve harvest
-awaken the spirit of the dead
10. Give any two characteristics of folk dances
-are passed from one generation to another
-they require no audience
-they are more of social activity than competition

TOPIC 2: Attire for artistic performance

1. What are the importance of attire in performance?
-make performers look smart and coordinated
2. Define the term costume
-are particular form of clothes worn for particular reasons during performances
3. What is to 'derole' as used in drama?
-it means withdrawing of the names used during the performance
4. Why is improvisation important?
-it helps to avoid expenses

UNIT 5

DESIGNING AND CONSTRUCTION

1. What is designing?
-is planning what to draw or make
2. What are the two ways of designing?
-making a sketch and then refining it
-making a model
3. Why is it necessary to design an item before making the actual thing?
-to ensure that the thing looks good
-to ensure that whatever things that are made work well

TOPIC 1: Musical instruments based on foreign models

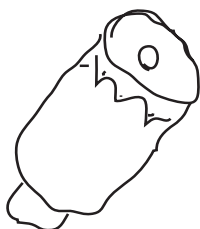

1. Mention any three examples of foreign musical instruments
-guitars -banjo -flute

Study the figure below and answer the questions that follow

2. Name the musical instrument above
 - banjo
3. List down any three materials that can be used for making the instrument in 1 above
 - pieces of string -nails -tins
 - pieces of wire -hides (animal skin)
 - metal sheets -wood -plastic paper
 - plastic pipes

Study the drawing below and answer the questions that follow

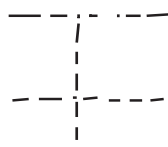

4. Name the musical instrument above
 - drum
5. Mention any three materials for making the instrument above
 - tree trunk -hide (animal skin) -nails
6. Outline any four tools that are used when making musical instruments
 - adzes -knives -hammers -broken glass
 - chisels -an axe

TOPIC 2: Garments and artistic items based on modern styles

1. Explain the importance of the art of garments construction
 - one can make one's own clothes
 - one can make garments for sale to generate income
2. Describe any two factors to consider before constructing a garment
 - what is to be made
 - the design of the garment
 - the amount of fabric to be used
 - the size of the wearer

**NB The size of the wearer is found by taking body measurements*

3. Name the sewing equipment used for taking body measurements
 - tape measure

4. Explain any one importance of taking body measurements
 - helps to make a fitting garment
 - minimises wastage of material
5. Why are laying and cutting out pattern pieces from fabric most important processes?
 - because they determine the fit and final look of the garment to be constructed
6. What are paper patterns?
 - are pieces of paper cut to the shape of parts of a garment to be made
7. Define pattern markings
 - are markings with particular information and instructions on different things
8. List down any three examples of information or instructions displayed on pattern markings
 - the number of pieces to be cut
 - the pieces to be joined together
 - how to place pattern pieces on the fabric
 - where to stitch
9. Draw and describe the meanings of pattern markings
 - a.  place on the straight grains fabric
 - b.  place on fold of fabric
 - c.  notches, indicating where two pieces will join together
 - d.  stitching line
 - e.  cutting line
-  dot indicating important positions eg where stitching should stop or where seams should cross
10. Why is it necessary to smoothen the pattern pieces and fabric before laying out?
 - to remove creases
11. Why are the pattern pieces pinned onto fabric?
 - to prevent them from slipping out of position

12. List down any three materials for sewing a sports short
- cotton fabric
 - pins
 - paper patterns
 - pair of scissors

Basic sewing stitches

1. Mention the main types of stitches

- (i) temporary stitches
- (ii) permanent stitches

2. Explain any two uses of temporary stitches

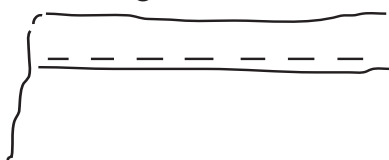

- keep a hem in position
- guide a straight stitching line
- transfer pattern markings from paper to fabric
- keep together two edges of fabric before making a permanent stitch

3. Give an example of temporary stitches

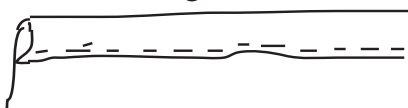

- tacking stitch

4. What are the types of tacking stitches

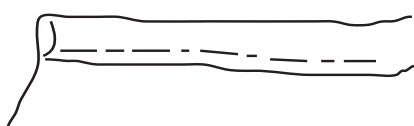

- (i) even tacking

- (ii) uneven tacking

- (iii) long and short tacking

5. Explain the uses of permanent stitches

- to join two or more pieces of fabric together and permanently

6. State the three types of permanent stitches

- joining stitches
- neatening stitches
- decorative stitches

7. What are examples of joining stitches

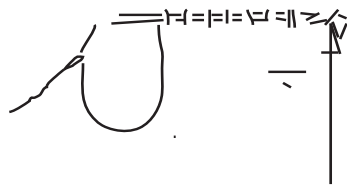

- (i) running stitches

- used to join two single surfaces
- neaten edges of open seams
- gather fullness of material into a shorter length

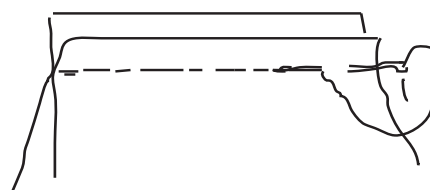

- (ii) oversewing stitch

- used to join two folded edges of material eg
- *when sewing traps and tapes
- *making patches like applique
- *stuffed toys

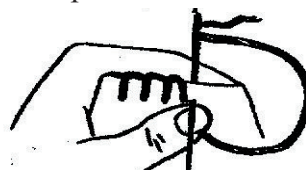

- (ii) back stitch

- used to join two pieces of material
- sewing on tapes
- sewing on bottoms and pockets

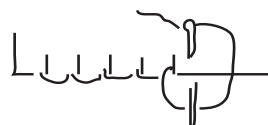

8. Give any two examples neatening stitches

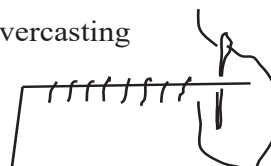

- (i) blanket/loop stitch

- (ii) herringbone stitch

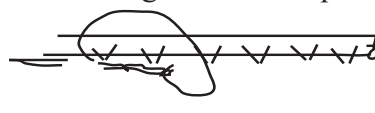

- (iii) overcasting

- (iv) buttonhole stitch

- (v) hemming stitch

- used to fix hems
- fix seams
- fix binding
- fix facings
- attach tapes

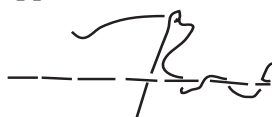

9. What is the main use of decorative stitches?
-they are used for decorating finished garments and articles such as handkerchief, book bag, tray cloth and wedding dress

10. Describe any three examples of decorative stitches

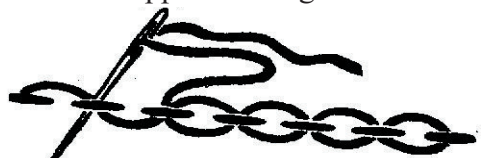

(i) whipped running stitch

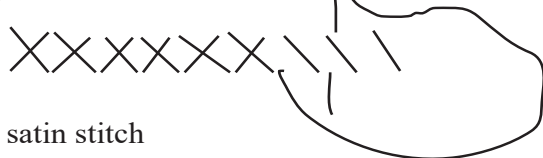

(ii) whipped back stitch

(iii) double whipped running stitch

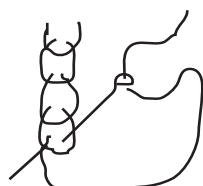

(iv) cross stitch

(v) satin stitch

(vi) chain stitch

11. Outline some basic sewing equipments and their uses

EQUIPMENT

USES

(i) sewing needles

-sewing garments

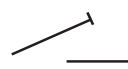

(ii) tape measures

-taking body measurements
-measuring length of fabric

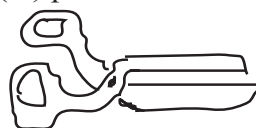

(iii) pins

-holding pieces of fabric together temporarily

(iv) pair of scissors

-cutting out
-trimming turnings
-neatening
-snipping thread

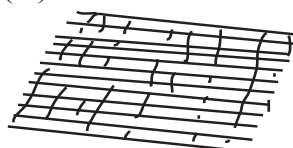

(v) pressing iron

-flattening areas
-removing creases

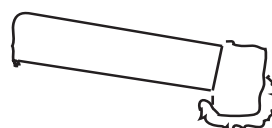

(vi) table or mat

-cutting on
-pressing on
-measuring fabric on it

(vii) tracing wheel

-used to copy patterns by tracing
-used to transfer fitting lines to fabric

(vii) marking pencil

-used to transfer pattern markings to fabric

(viii) unpicker

-used to unpick rows of machining, when wrongly sewn or when a seam requires undoing

12. What is macrame?

-it is the art of knotting to produce decorative and functional articles

13. State two materials for making macrame items

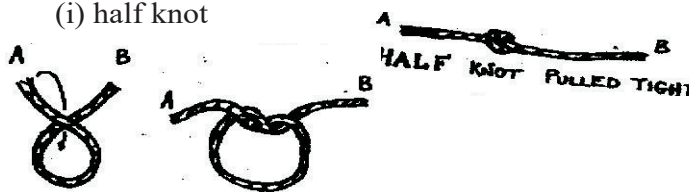

-strings
-tree bark fibre
-mlulu
-namgoneka
-sisal fibre
-banana sheath
-chilambe

14. Name any two products of macrame'

-wall hangings
-room dividers
-pot plant holders
-mats
-net

15. What are the two types of knots?

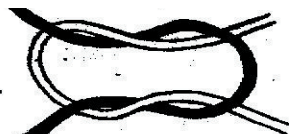

(i) half knot

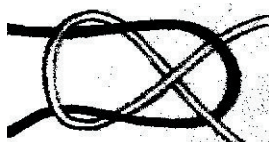

(ii) flat knot

16. State the two groups of flat knot

a. the reef knot

b. the weavers' knot

TOPIC 3: Drama based on foreign plays

1. What is drama?

-is acting out situations in order to inform, entertain and educate the audience

2. How are plays acted out?

-they are acted out depending on a theme

3. State the two major types of plays

(i) tragedy

(ii) comedy

3. Explain the difference between tragedy and comedy

-a tragedy is a play with a sad ending while a comedy is a play with a happy ending

4. Give any example of a play with a sad ending

-death of a main character eg. the play of Julius Caesar

5. Give any example of a comedy with a good ending

-victory of main character eg. Merchant of Venice

6. Why should actors and actresses appear real when dramatising situations?

-to make the audience see and hear the play

7. How can actors and actresses appear real?

-by use of visual aspects eg. scenery, costume, props lighting, make up

-by use of sound effects eg. physical and percussions

8. What are examples of physical sound effects/

-vocal -feet -hands -claps -coughs -laughs -sneezes

9. What are examples of percussion sound effects?

-drums -chimes -xylophones

UNIT 6

PERFORMING DANCES

TOPIC 1: Musical instruments

1. What is the main use of musical instruments?

-to accompany singing and dancing

2. How are musical instruments obtained?

-making them using locally available resources

-buying

(the teacher should emphasize the need to make musical instruments locally than buying)

3. What are the two types of musical instruments?

-tuned

-untuned

4. Define the following terms

(i) tuned musical instruments

-are musical instruments that produce more one pitch

(ii) untuned musical instruments

are musical instruments that produce one fixed pitch

5. What negative impact does the production of musical instruments have on the environment?

-excessive use of trees which leads to deforestation

6. How can the impact in 5. above be prevented?

-planting more trees to replace those cut

NB. Playing musical instruments needs special skills. These skills may be inborn or learnt

7. How can the skills for playing musical instruments be developed?

-by having more practice

-use of a resource person

Refer to page 2 for details

TOPIC 2: Local dances

1. What is meant by the term 'local dances'?

-are traditional dances that are performed in the community

2. Mention any four occasions during which local dances are performed

-celebrations or festivals

-political gatherings

-initiation ceremonies

-installation of chiefs

-funeral ceremonies

3. Why are local dances modified?

-to suit the occasion

UNIT 3: CONTEMPORARY DANCING STYLES

1. Explain any two factors why the youth neglect traditional dances
 - they look at them as outdated
 - they look at them as boring
 - they look at them as out of fashion
2. What is the effect of the youths' attitude towards traditional dances?
 - the dances are losing their identity
 - the dances are associated with the elderly people
3. What are contemporary dances?
 - are dances from foreign countries
4. List down some examples of contemporary dances
 - reggae -kwasakwasa -ndombolo -kwaito
 - digong'o
5. What is the main difference between kwasakwasa and kwaito dancing styles
 - kwasakwasa involves a lot of waist wringling while kwaito involves flexible and quick feet movement
6. Why do people combine foreign dancing styles with the original styles?
 - to improve their performance

UNIT 7

SELF EXPRESSION THROUGH POSTERS, PLAYS, DANCES AND SONGS

TOPIC 1: Posters on various themes

1. Explain any one importance of posters
 - can be used to communicate information on cross-cutting issues
2. Why should posters look attractive?
 - to catch the attention of the intended audience
3. State any three ways of making posters attractive
 - colouring them
 - using bold writing (*so that it can be read from a distance*)
 - the information should be brief and clear

TOPIC 2: Dances on cross-cutting issues

1. What are cross-cutting issues?
 - are challenges that affect many people and cause great concern
2. List down any four examples of cross-cutting issues
 - HIV and AIDS -environmental degradation
 - pollution -corruption -violation of human rights -gender -democracy
3. Why are songs and dances most useful way of disseminating information on cross-cutting issues?
 - they draw peoples' attention since they entertain

TOPIC 3: Songs on cross-cutting issues

1. What are the two ways of composing songs?
 - writing a new song
 - changing lyrics of an old song
2. Outline steps in composing a song
 - (i) thinking of a theme or cross-cutting issue
 - (ii) coming up with words based on the theme
 - (iii) devising a tune with the help of the musical instruments
 - (iv) practising singing the song
3. What motivates the audience in songs?
 - listening to the melody of the song
 - watching dancing styles

TOPIC 4: Plays on cross-cutting issues

1. What do the audience get from the play?
 - a feel of what the characters present in the play
2. Why is it important for the characters to interact with the audience?
 - it helps to motivate the audience
 - it helps to instill the messages in the audience
3. Suggest any two ways of interacting with the audience when performing in a play.
 - letting the audience answer questions put to them
 - letting the audience repeat what the character says
 - letting the audience join in singing and dancing
 - letting the audience take the role of an actor/actress in a dilemma.
4. How can a school take part in disseminating messages on cross-cutting issues?
 - by organising the learners in the process of passing messages on cross-cutting issues

UNIT 8

ARTISTIC SKILLS AND MOVEMENTS

TOPIC 1: Items for artistic activities

1. Define the term 'skill'
 - a skill is a talent that an individual shows when doing something
2. List down any art activities that require skills
 - production of posters
 - carving -weaving -knitting -models
3. What name is given to popular artistic activities?
 - contemporary artistic activities
4. Give any two examples of contemporary artistic activities
 - songs -dances

5. What are the three forms of carving

- abstract
- stylish
- naturalistic

6. Define the following terms

(i) abstract carving

- is a form of carving which does not have definite shape and can be interpreted differently

(ii) stylish carving

- is a form of carving which has a definite form but some are exaggerated deliberately eg. a person with protruding chin

(iii) naturalistic carving

- is a form of carving which looks definite and real

7. Why is it necessary to practice skills in production of contemporary artistic items

- to internalize the skills

8. List down any four materials for making posters

- | | |
|------------------|----------------------|
| -pencils | -marker pens |
| -crayons | -local paint |
| -brushes | -old cement bags |
| -sheets of paper | -news paper cuttings |
| -coloured chalk | -cartons |

9. What materials can be used for carving artistic items

- | | |
|-----------|---------------|
| -wood | -soapstones |
| -glue | -glass paper |
| -axes | -water paper |
| -scrapers | -mallets |
| -saws | -panga knives |
| -rulers | -chisels |
| -adzes | -gouges |

10. Outline materials for modelling various artistic items

- | | | |
|----------|--------|-----------------|
| -clay | -grass | -pieces of wire |
| -cartons | -sisal | |

11. State any materials for weaving various artistic items

- | | | |
|---------------|----------------|-----------------|
| -palm leaves | -bamboo sticks | -pieces of reed |
| -sisal | -grass | -creeping stems |
| -razor blades | -needles | |

8. Write down some marketing skills for artistic items

- pricing
- sorting
- attaching price tags
- displaying
- advertising

TOPIC 2: Contemporary artistic activities

1. What is meant by the term 'contemporary'

- it means modern, current or fashionable

2. List down any two examples of contemporary dancing styles from Africa

- ndombolo
- kwaito
- kwasakwasa

3. Mention any two examples of dancing styles from outside Africa

- R 'n' B
- hip hop
- reggae

4. Name any three old African dancing styles

- simanjemanje
- sinjonjo
- tsabatsaba

5. What are the three common dancing styles from the west?

- break dance
- twist
- scanky
- house

6. Which of the dancing styles is the oldest?

- break dance

7. Define the term 'choreography'

- it means a sequence of steps ; a step arrangement

8. What is the impact of videos, televisions and radio stations on dancing styles?

- an increase in contemporary experiences in dancing styles

UNIT 9

SELF EXPRESSION

TOPIC 1: Composing and recording songs

1. Mention any three ways of expressing one's feelings and messages

- composing songs
- composing and performing plays
- drawing pictures

2. What are the two commonest feelings that are expressed in songs

- feeling of joy or happiness
- feeling of sadness

NB: Refer to unit 2 for musical notations

3. What name is given to symbols used when composing songs?

- musical notations

4. Define the term 'diction'
 - it is the articulation of words clearly
5. Name any two places where music is recorded
 - in the music studio
 - at home using a cassette recorder
6. Why is it necessary to record a song several times?
 - to get the right quality that is required
7. What is involved in composing instrumental music
 - it involves composing musical instruments without words
8. List down any two examples of body musical instruments
 - hand clapping
 - tongue clicking
 - finger snapping
9. Explain two activities that can be done to develop good voice production
 - open the mouth to insert two fingers side by side in the mouth (this helps to control the jaws rather than the lips alone)

TOPIC 2: Skills for professional sporting careers

1. List down any two factors that influence the accomplishment of skills in sports
 - effort
 - time
 - the desired level to be achieved

TOPIC 3: Plays for public performance

1. Mention any factor to consider when writing plays
 - the audience
2. How does knowing the type of the audience help in writing a good play
 - it helps to select appropriate theme and characters to be in the play
3. Define the following terms as used in plays
 - (i) playwright
 - someone who writes plays
 - (ii) climax
 - the highest point of a play
 - (iii) conflict
 - a problem raised in play
 - (iv) props
 - properties, items used in drama other than costumes and sceneries
 - (iv) suspense
 - holding a reader or spectator or audience guessing the outcome
 - (v) costume
 - clothes worn in drama

- (vi) resolution
 - solutions to problems in drama

TOPIC 4: Pictures for sale

1. How are drawings developed?
 - drawings are developed from a rough sketch or or shapes produced by arranging or organising lines
2. What are the two types of lines?
 - curved lines
 - straight lines

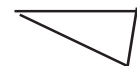

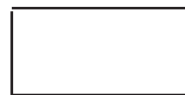

3. Give any three examples of two dimensional drawings
 - circles

-ovals

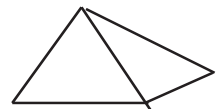

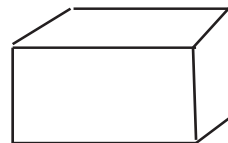

-quadrilaterals

4. What are examples of three dimensional drawings?
 - eggs

-boxes

-houses

-animal figures

-human figures

5. List down any three materials for tracing

- paper
- transparent plastic sheets
- perforated picture outlines
- tracing papers
- lead pencils
- ball point pens
- coloured pencils
- local paints

6. How are three dimensional drawings formed?

- by shading the two dimensional drawings
(*shading makes the drawings look solid*)

UNIT 10

ARTISTIC ACTIVITIES FOR ECONOMIC EMPOWERMENT

TOPIC 1: Making costumes and sports attire

1. Give any two examples of costumes

- gym dress
- a pair of shorts

2. What are the common steps in making costumes?

- identifying materials
- taking body measurements
- cutting out pattern pieces
- sewing

3. Why is it important to take body measurements before sewing a costume?

- it helps to know the size of fabric to be bought
- it determines the size of costume to be made

4. What is the importance of cutting patterns on paper before transferring them onto the actual fabric?

- to ensure accuracy in cutting out the fabric

NB: Apart from producing costumes for use, costumes can also be produced for sale. Therefore production of costumes is a source of money

TOPIC 2: Plays for commercial performances

1. Suggest any three characteristics of a good play

- must have a plot that holds the interest of the audience
- it must be consistent
- it must have characters who appear real

2. What aspects of the audience should the playwright consider when writing a play?

- the target audience
- beliefs of the audience
- age of the audience
- educational background of the audience
- cultural background of the audience

UNIT 11

SELF EXPRESSION THROUGH ART

TOPIC 1: Making different items

1. List down any four ways of expressing and communicating feelings

- speaking
- writing
- production of various artifacts
- body shapes and movements
- drawing pictures

2. Why is it necessary to decorate artifacts

- the manner in which the artifacts are decorated enhance conveying one's feelings

3. Outline some of materials for decorating artifacts

- chikule (red soil)
- chiziro (black soil)
- broken glass
- coloured chalk
- local paints

TOPIC 2: Body shapes and movements

1. Suggest any two examples of body movements that are used to express feelings

- (i) waving -to say hello
- (ii) nodding - to say yes
- (ii) head shaking -to say no

3. What is the advantage of using body movements to express feelings?

- body movements are quick way to convey feelings and thoughts
- they help to enhance cooperation and caring among people in the society

TOPIC 3: Drawing pictures

1. How useful are drawings in expressing feelings

- through drawings, one can tell a story

2. Write any one way of mastering the skill of drawing

- through more practice

UNIT 12

ARTISTIC PERFORMANCES

TOPIC 1: Items to meet personal and community needs

1. List down any three examples of items that meet personal and community needs

- garments
- household items
- safety equipments

2. What is the importance of producing the items locally?

- to save money
- can be a source of income

3. Which items are required for domestic use

- baskets
- lengths of string
- door mats
- wooden spoons
- clay pots

4. State any three skills that are required for producing items that meet the needs of the community

- creativity
- critical thinking
- problem solving
- decision-making

5. What is the main source of risks when producing items that meet the needs of the community?

- equipments used can hurt the body
- some of materials eg. palm leaves can hurt the body
- some materials may be poisonous eg barks of some trees

6. Explain how the risks can be prevented

- ensuring proper use of equipments
- handling poisonous materials with care

7. List down any three marketing skills

- researching (to identify potential customers)
- costing
- displaying
- advertising

8. Why is it necessary to make research in marketing artifacts?

- to find out the likes or dislikes of customers
- to know where particular items are needed

ADDITIONAL NOTES

TOPIC: *Knitting*

1. Mention the two basic knitting stitches

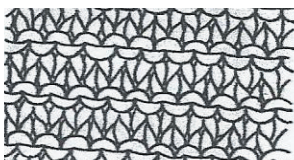

- knit stitch
- purl stitch

2. What do the following abbreviations mean in knitting

- (i) k -it means knit
- (ii) p -it means purl
- (iii) c on -it means cast on
- (iv) c off -it means cast off

3. Name any two types of knitting stitches

- (i) garter stitch

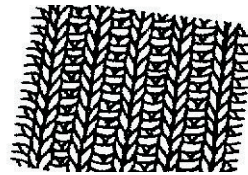

(ii) stocking stitch

(iii) moss stitch

(iv) rib stitch

4. Give any two items that are made using garter stitch

- belt
- scarf
- baby blanket

5. Which items are knitted using stocking stitch

- stockings
- pencil bags
- cardigans

6. List down examples of products of knitting

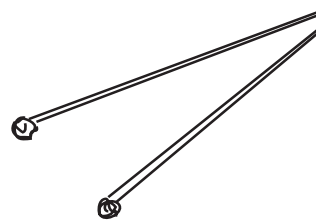

- cell-phone holders
- pencil bags
- baby suits
- jerseys
- baby coats
- dresses
- hats

7. List down any materials for knitting

- cotton wool

8. Write any two tools for knitting

- knitting needles
- tape measure
- a pair of scissors
- sewing needle

knitting needles

9. Suggest any two things that could be used as knitting needles

- bicycle spokes
- pieces of bamboo

UNIT 1

ARTISTIC CREATIVITY

TOPIC 1: Movements in artwork

1. Define the term 'artistic creativity'
 - it means having the power to use one's imagination in art instead of merely copying from what is already there
2. State any two ways of demonstrating artistic creativity
 - in a piece of hand work
 - in a piece of performance
3. Explain any two reasons why people and animals make movements
 - running away from danger
 - looking for food
 - for recreation
 - looking for mates
 - looking for a shelter
4. Write down any four examples of movements of various body parts
 - stretching arms forward, upwards, and downwards
 - running on the spot
 - jumping
 - clapping hands above the head
 - crawling
5. Describe any three importance of physical exercises
 - for adequate growth and health
 - for relaxation and enjoyment
 - to make bodies strong and fit
 - they provide social education when playing games together
6. State any two parts of the body which make movements when singing
 - lips
 - cheeks
 - hands
 - head
7. In what situations are body movements done
 - when exercising freely
 - when manipulating objects
 - when producing artifacts
 - when performing artistic activities
8. What is miming?
 - it is expressing an idea or concept by actions or gestures without speech
9. Name any one artistic activity where miming is common
 - drama
10. Describe any two examples of miming
 - sewing a garment on a machine or needle
 - knitting
 - pounding

11. What is meant by the term 'tempo'
 - is the speed at which music moves
12. Describe any two importance of tempo
 - it is a source of unity and variety
 - it determines body movements (the faster the tempo the vigorous the movements)
13. Mention the three ways of establishing tempo
 - tapping the feet
 - clapping the hands
 - tapping an object
14. Suggest any three artistic activities that can be controlled by tempo
 - drawing
 - painting
 - aerobics
15. Explain any one importance of combining artistic activities with music
 - helps to develop a sense of coordination
 - helps to develop a sense of concentration
16. List down any three activities that involve movement in people
 - making a hoe handle
 - weaving
 - plaiting
 - making baskets
 - mat making

TOPIC 2: Animals and movements

1. Which parts of animal bodies make movements?
 - legs
 - trunks
 - wings
 - ears
2. In which two ways do animals make movements?
 - moving body parts without changing position
 - moving from one place to another
3. What is imitating?
 - it means putting oneself in the position of the animals and pretending we are such animals
4. Give any two examples of animals whose movements we can imitate
 - a frog
 - a cow
 - an elephant
 - a chameleon etc.
5. Define the term 'drawing'
 - Drawing is an arrangement or joining of lines
6. Give the three types of lines
 - straight lines
 - curved lines
 - and -zigzag lines
7. How can one simplify the work of drawing?
 - by drawing step-by-step

7. What common mistake do people make when drawing
-concentrating on details first before the whole

8. Why are colours necessary in drawing?
-they enhance communication

9. What are the uses of the following colours in drawing

(i) green -used for vegetation or forest reserves

(ii) blue -used for water masses or sky

(iii) brown -used for land or soil

10. Outline any sources of colours from nature

- flowers
- plant leaves
- chalk powder
- charcoals
- bricks
- soot
- groundnuts (overroasted)
- maize (overroasted)
- bixa seeds (used directly when fresh)
- curry tubes (crushed)

UNIT 2 LEADERSHIP ROLES

TOPIC 1: Types of leaders and their roles

1. Mention the three styles of leadership
 - democracy
 - absolutism/despotism/dictatorship/autocracy
 - laissez faire
2. Describe democratic style of leadership
 - is a style of leadership where the majority rules
3. Describe dictatorship style of leadership
 - is a style of leadership where only the leader's voice counts
4. Describe laissez faire style of leadership
 - is a style of leadership where everyone does what they want
5. Explain any one quality of a good leader
 - He/she depends and trust the people he/she works with
 - He/she delegates various tasks
6. What is the importance of delegation?
 - it promotes a sense of collective responsibility
7. Outline any two examples of successes of leadership
 - mobilising the society to take part in development
 - resolving conflicts amicably

8. State any two examples of challenges in leadership
-resistance to change among the subjects
-conflict of interest among the subjects

9. Explain how challenges of leadership could be avoided
-practising good leadership skills

UNIT 3 SELF EXPRESSION

TOPIC 1: Dances that express and communicate messages

1. State any two things that are expressed or communicated
 - feelings
 - ideas
 - important messages
2. Suggest any three ways of communicating and expressing ideas
 - use of language
 - dances
 - songs
 - gestures
 - stories
 - drawings
3. State any three occasions during which songs and dances are performed
 - weddings
 - initiation ceremonies
 - funeral ceremonies
 - installation of chiefs
 - social gatherings
 - religious gatherings
 - political rallies
4. List down any four examples of messages that are communicated during different occasions
 - HIV/AIDS
 - gender
 - deforestation
 - human rights

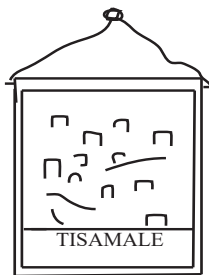

NB: Sometimes dances are performed for entertainment and healing

5. Name any two examples of dances that are performed for healing
 - vimbuza
 - malombo
6. Name any one dance that is performed for entertainment
 - mganda

TOPIC 2: Wall charts

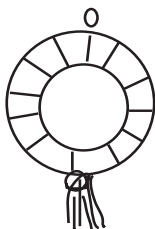

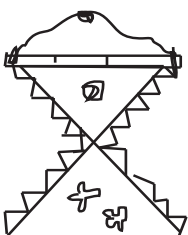

- 1.State any one use of wall charts
-to communicate messages
- 2.List any three examples of messages that can be communicated on wall charts
-HIV/AIDS
-land degradation
-gender
-human rights
-child labour etc.
- 3.List down any five materials that can be used for making wall charts
-nsima paste
-chart papers
-cards
-sticks
-cartons
-porridge
-ropes/strings
-papers from wrappers

See an example of a wall chart

- 4.What is the main use of wall charts
-wall charts are educational (are used to educate)
- 5.What are wall hangings?
-wall hangings are art crafts which are put on a wall
- 6.Describe the main use of wall hangings
-Wall hangings are used for decoration
-They are used to communicate messages
- 7.Write any two examples of wall hangings
-pieces of cloth
-sack
-mat
-knitting with embroidery
-drawings
-paintings
-applique
-macrame

See examples of wall hangings

- 8.List down materials for making wall hangings
-wood
-pieces of cloth
-embroidery materials
-papers of different colours
-bamboo
-strings or ropes
-writing materials
-paint /local paint
-glue
-sewing materials

- 9.State any two ways of making wall charts and wall hangings
-using decorative stitches
-using applique
-using embroidery knitting
-using drawing and painting
-using collage

TOPIC 3: Story-telling pictures

- 1.What means of communication is commonly used in cartoons?
-story telling pictures
- 2.What is meant by 'role playing'
-it is the dramatisation of a situation
- 3.Explain any one importance of role playing
-it makes the issues realistic and more meaningful

UNIT 4: Collaborative sports and games

- 1.State any three reasons for playing sports and games
-for fun
-for enjoyment
-to promote unity
-for socialization
-to promote good health
- 2.What are the two types of sports and games?
-individual sports
-team sports
- 3.What are individual sports?
-are sports and games that are played by one player at a time
- 4.List down any three examples of individual sports
-golf
-chess
-table tennis
-swimming
-bawo
- 5.What are team sports?
-these are sports and games played by more than one player at a time

6. Give any three examples of team sports
-football
-volleyball
-rugby
-hand ball

FOOTBALL

7. How many players make a football team?
-11 players
1. How many players take part in a football game?
22 players (11 each side)
2. Identify positions in football game
-strikers
-midfielders
-defenders
-goal keepers
3. Name officials in football
-one referee
-two assistant referees
4. What is the main duty of officials in sports and games?
-to ensure that the rules of the game are observed
5. How long does a football game last?
-90 minutes (45 each half)
6. List down any four skills used in football
-dribbling
-shooting
-ball controlling
-passing
-kicking
-heading
-goal keeping
7. What do the following cards mean in a football game?
(i) red card -used to suspend a player
(ii) yellow card -used to warn a player
8. What resources are needed for a game of football
-a playing field measuring 100m by 50m
-sports attire
-a ball
-a whistle

BASKETBALL

1. How many players make a basketball team?
-7 players
2. How many players participate in a game of basketball
-14 players (7 each side)
3. How long does a basketball game last?
-it lasts for 1 hour (4 quarters 15 minutes each)
4. List down any three skills used in basketball
-dodging -dribbling -shooting

13. What name is given to officials in basketball?
-umpires (they are two)

NETBALL

1. How many players make a netball team?
-7 players
2. How long does a netball game last?
-it lasts for 1 hour (15 minutes each quartet)
3. Name officials officiating netball
-umpire
4. State any two skills used in netball
-throwing
-catching
-shooting
-passing
-dodging

OTHER GAMES

1. List down any three examples of ball games
-foot ball
-netball
-basketball
-volleyball
-field hockey
-pool
-golf
-cricket (baseball)
-hand ball
-rugby
-hakafole
-lawn tennis
-squash
2. Give any two examples of games that use ropes or strings
-skipping individually
-skipping in pairs
-skipping in groups
3. Write any four materials for making ropes
-banana leaves
-tree fibre or tree bark
-sisal fibre
-rubbed animal skin
-stripped tyres
-palm leaves
4. Suggest the two ways of making ropes
-twisting
-plaiting
5. Name any two examples of throwing games
-javelin
-discus
-shot

6. Describe a javelin
-a javelin is a bar with one pointed end (a spear)

7. Name any three skills used in throwing javelin
-approach (run up)
-carriage
-gripping
-release
-retrieve
8. What resources are used in throwing javelin?
-a spear with a pointed end
-a ground with marked lines
9. What are the three types of jumping games?
-high jump
-long jump
-triple jump
10. State any two skills used in jumping
-approach (run up)
-take-off
-landing
11. Outline any two resources required in jumping
-a pit filled sand or saw dust
-two poles with a cross bar or a string for high jump
-a thick mattress for advanced jumping heights
12. What are the three examples of track events
-100 race
-relay race
-cross country
13. Name the officials who officiate athletics
-the starter
-field marshal
-track judge
14. List down any four sources of risks in sporting activities
-sporting fields
-sporting equipments
-dangerous play (body interference)
-lack of proper warm-up and cool down

Refer to page 1

15. Describe any two ways of dealing with risks in sports and games
-checking fields for any risk before the game
-using equipments that are in good condition
-using equipments that are suitable for the game
-warming up properly before the game
-observing the rules of the game

16. What are the two sources of risks in sewing?
-sewing needles (piercing the finger/body)
-sewing thread (cutting the finger if pulled tightly)
17. Describe any safety practices in sewing
-using a thimble when sewing to avoid pricking the finger
-avoid pulling the needle towards a person
-keeping needles safe if not in use
-using the thread properly
18. Suggest any two sources of risks in carving
-tools such as knives, adze and hammers can hurt if not properly used
19. Write any two ways of avoiding risks in carving
-handling tools with care
-storing the tools safely when not in use
-sharpening the tools away from the body
20. Identify any one source of risks in weaving
-materials such as palm leaves, bamboo etc
21. How can the risks in weaving be avoided?
-handling materials with care
22. Describe any source of risk in knitting
-sharp knitting needles
23. How can the risk in knitting be avoided?
-handling the knitting needles with care
24. What are the common risks in dancing?
-muscle pains and muscle cramps
25. Write any two safe practices in dancing
-ensuring enough training
-practice carefully
26. Outline the two sources of risks in singing
-using wrong pitch can strain the vocal chord
-singing on top of the voice
27. Give two safe practices in singing
-using pitches appropriately
-sipping water at a time to soften vocal chords

UNIT 4 ARTISTIC PERFORMANCE

TOPIC 1: Personal and general space

1. What is space?
-space refers to the area being used
2. Define the term 'personal space'
-personal space is the space in which an individual operates
3. What is another name for personal space?
-kinesphere

4. Explain how you would create personal space
 - personal space can be created by stretching or swinging the arms around one's body to ensure that you do not touch anything or anybody
5. Write any one importance of personal space
 - it helps to avoid colliding with others
 - it helps to do the activities freely
6. What is general space?
 - general space refers to the space in which a number of people operate
7. List down the four components of general space
 - levels
 - extensions
 - floor pathways
 - air patterns
8. Define the following terms
 - (i) levels
 - refers to how close to the floor or how far away from the floor we are as we move (for example the ball is kept low or sent high)
 - (ii) extensions
 - refers to amount of space a movement pattern uses (for example in long jump, there may be long or short movements)
 - (iii) floor pathways
 - refers to how people move on the floor
 - (iv) air patterns
 - refers to aerial directions (for example in netball and javelin games the ball or the javelin moves in space)
9. Give any two examples of activities which cover distance
 - long jump
 - athletics
 - throwing games eg. javelin, discus or shot
10. List down any three activities that need space but do not cover distance
 - arm wrestling
 - stretching
 - sewing
 - carving

TOPIC 2: Artistic items

1. Name any two artistic items that meet the needs of the school and the community
 - garments
 - curios
 - woven items
2. What are curios?
 - are items made through carving

3. Define the term carving
 - carving is the removal of unwanted material from an object so as to come up with a desired shape
4. What materials are used for carving?
 - wood
 - soap stone
 - varnish
5. Identify the tools for carving curios
 - adzes
 - knives
 - sand paper
 - chisels
 - gouges
 - vices
6. List down any three items that are produced through carving
 - wooden spoons
 - cooking sticks
 - mortar and pestles
 - drums
 - walking sticks
 - candle holder
 - salt shaker
7. How are garments made
 - garments are made through sewing
8. Define the following terms as used in sewing
 - (i) fasten on
 - it means making the first stitch firm
 - (ii) fasten off
 - means making the last stitch firm
9. Why is it advisable not to use knots when fastening on and off?
 - because the knots cause tiny lumps when pressing
 - knots tear materials
 - knots may come undone

Refer to page 16 for types of stitches and page 17 for sewing equipments

TOPIC 3: Cultural activities

1. Mention any three examples of cultural activities
 - wedding ceremonies
 - initiation ceremonies
 - singing and dance
2. Explain any one importance of performing cultural activities.
 - they reflect the culture to which one belongs
3. Why are singing and dancing important?
 - because they help to preserve culture
4. Explain the three ways of composing songs
 - writing rhythms first followed by melody and other necessities such as dynamics and tempo

- composing a new tune and words
- using an already existing tune and improvise the words
- improvising a tune to already existing words

NB: Composing requires a lot of creativity

UNIT 5 IMPROVISATION

TOPIC 1: Use of locally available resources

1. Define the term improvisation
 - is using something to replace what is not available
2. Give two examples of improvisation?
 - using a razor blade for a pair of scissors
 - using a sack cloth for an animal skin
3. What is the key element of improvisation?
 - using locally available resources instead of depending on commercially-produced resources alone
4. What are locally available resources?
 - are things we find around us or in our environment
5. What does abbreviation TALULAR stand for?
 - Teaching And Learning Using Locally Available Resources
6. List down any three examples of locally available resources that can not be improvised
 - people
 - experiences
 - time
 - personal knowledge
 - skills
 - talents
 - culture
 - art
 - proverbs
 - language
7. Explain any one key aim of TALULAR
 - to assist making teaching and learning more effective
8. How does TALULAR make teaching more effective?
 - by introducing cost-effective classroom technologies
 - making the educational system more sustainable

TOPIC 2: Learning resources

1. Why is it necessary that learners should facilitate the production of teaching resources
 - it helps to develop their manipulative skills

2. Define the following terms

- (i) realia
 - are objects that are used directly for teaching learning in their original form
- (ii) model
 - is a recognisable representation of something real

3. What is the importance of realia?
 - they give exact impression of what is being seen or discussed
4. Describe any three characteristics of good learning resources
 - big enough for everyone to see
 - attractive
 - simple
 - accurate
 - clean
5. Where can learning resources be displayed in the classroom?
 - on the walls
 - on tables
 - display boards
 - on the floor
 - suspended using strings
6. Name any materials used to display learning resources
 - strings
 - pegs
 - display boards
 - sellotape
 - safety pins
 -
7. Suggest any two storage facilities for learning resources
 - cartons
 - wooden boxes
 - tins
 - envelopes
 - portfolios

UNIT 6 TEAMWORK

TOPIC 1: Materials for artwork

1. Explain any two importance of teamwork
 - it promotes unity and cooperation among people
 - helps people exchange knowledge and skills
 - it makes work easier
2. Identify any three examples of artwork
 - drawn items
 - woven items
 - carved items

3. Define carving
-carving is the removal of unwanted materials from an object so as to come up with a desired shape

4. List down any two materials for carving
-wood
-soap stone

5. What tools are used in carving?
-adzes
-knives
-scrapers
-gauges
-chisels
-mallets

6. What is weaving?
-weaving is the interlocking of warps and wefts to produce fabrics, mats or baskets

7. Define the following terms

(i) warps
-are vertical stripes

(ii) wefts
-are horizontal stripes

8. Mention any two materials used for weaving
-bamboo
-palm leaves
-cane
-reed

9. State any two materials used for drawing
-sheets of paper
-fabric
-sacks
-pencils
-ink pens
-crayons
-paints
-markers

10. Define proportion as used in drawing
-proportion is the relative size of an object in relation to other things around it

Study the figure below and answer the questions that follow

11. Name the artistic item
-mortar and pestle

12. What material is used to produce the item?

-tree trunk

13. Through which process is the item in 11 above made?
-carving

14. What environmental problem is caused by the production of the item in 11 above?
-deforestation

15. Explain how the problem in 14 above could be minimised
-planting more trees to replace those cut down

Study the figure below and answer the questions that follow

16. Name the artistic item above
-winnower

17. Mention any two materials used for making the item above
-bamboo
-cane
-reed

18. How is the item in 16 above produced?
-through weaving

19. List down any four products of weaving
-baskets
-winnowers
-fishing traps
-wall hangings
-dolls
-hats
-fabrics
-mats
-

TOPIC 2: Collaborative artwork

1. Outline any two criteria for successful teamwork
-members must not be selfish
-respecting each other's views
-accommodating each other
-respecting each other

UNIT 7 MULTICULTURAL VALUES

TOPIC 1: Multicultural dances

1. List down any four occasions during which traditional dances are performed
-weddings
-initiation ceremonies
-funeral gatherings
-installation of chiefs
-political rallies
-rain making ceremonies

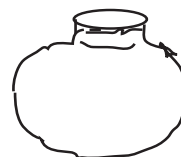

2. Outline any three examples of messages that are communicated during different occasions
 - HIV and AIDS
 - gender
 - deforestation
 - human rights
 - environmental degradation
 3. Name any two traditional dances that are performed by males only
 - malipenga
 - masewe
 - gulewankulu
 - ngoma/ingoma
 4. Give any one example of a dance performed by females only
 - uyeni
 5. What name is given to mganda group?
 - boma
 6. State any two occasions during which gulewankulu is performed
 - funerals of people belonging to the cult
 - puberty initiations
 - installation of chiefs
- NB: Gulewankulu dance is usually performed at request of village elders*
7. During which occasion is masewe originally performed?
 - at funerals of chiefs
 8. Describe how masewe is performed
 - it is performed in an acrobatic style to show the prowess
 9. What do the dancers of ingoma symbolise when dancing
 - they symbolise a war scene
 10. When is mganda usually performed?
 - it is performed during weddings
 - it is performed during mass rallies
 11. Which two traditional dances are performed for healing?
 - vimbuza
 - malombo
 12. Name any two traditional dances that are performed for entertainment
 - mganda
 - beni

TOPIC 2: Multicultural artistic items

1. What are multicultural artistic items?
 - are artistic items from different cultures
2. Give any two examples of multicultural artistic items
 - modelled items -woven items -carved items

3. Define the term modelling
 - modelling is shaping a soft substance into an article
4. Why are modelled items kilned (burnt)
 - to make them durable
 - to make them beautiful

Study the figure below and answer the questions that follow

5. Name the item
 - clay pot
6. Describe any two uses of the item in 5 above
 - storing water and other liquids
 - bathing
 - cooking
7. What differentiate artistic items from one society to another?
 - decorations made on the items
 - materials used
 - type of items commonly made
 - sizes of the items
8. What is meant by the term 'incisions'
 - are marks that are put on an item eg. marks made on cooking sticks and clay pots

TOPIC 3: Multicultural performances

1. What must one consider when developing performances?
 - the intended audience
2. Differentiate between performances from rural and those from urban setup
 - performances for rural setting depict traditional activities such as initiation ceremonies while those from town setting portray the type of life in urban setup

TOPIC 4: Tempo and dynamics in traditional and contemporary music

1. What are dynamics?
 - refers to the degree of loudness and softness of sound in a piece of music

Refer to pages 10 and 12 for more on dynamics

UNIT 8 MULTICULTURAL ARTS

TOPIC 1: Songs and dances from other African countries

1. What are multicultural arts?
-are activities from different cultures
2. Describe the aims of multicultural arts
-appreciating art within one's culture
-understanding art from other cultures
3. How important are multicultural arts?
-help in conserving the cultural arts in one's locality
-help in improving on the production by adapting some cultural arts from other cultures
2. Write down similarities of cultural dances among African countries
-use of drums
-dances and songs

TOPIC 2: Artistic patterns from other African countries

1. Which two steps are done in designing patterns?
-having a visual picture of what one intends to make
-studying designs of similar nature
2. What should a designer do before designing patterns from other countries?
-make a research
3. Identify areas where a designer can make research on before designing patterns from other countries
-type of clothes the people of country wear
-the occasions when the clothes are worn
-whether the clothes may be relevant to the designer's country
4. Why is it necessary to make adaptations on patterns from other countries?
-to make the pattern less alien (less foreign)

TOPIC 3: Plays from African stories

1. Why are African stories an ideal for creation of plays
-because they are rich in imparting customs and morals
-they pass a moral lesson
2. Outline steps to be followed when developing a play from a story
a. identifying the theme of the story
b. developing a storyline
c. identifying the characters in the story
d. developing scenes for the play
e. casting the play
3. What does casting involve?
-it involves sharing roles to the actresses and actors

UNIT 9 CRAFTS

TOPIC 1: Dyeing of fabrics and fibre

1. Define the following terms
 - (i) dye
-a substance used to change the colour of things
 - (ii) dyeing
-decorating or colouring by dipping in liquid
 - (iii) fibre
-basic raw material used in making yarns
 - (iv) yarn
-a strand of twisted fibre
 - (v) fabric
-material made by weaving, knitting or bonding yarns together
 - (vi) mordant
-material that helps fabrics or fibre to absorb dye. or
-material used to fix dye on the fabric or fibre
2. Describe any two importance of dyes
-dyes make things look bright and attractive
-dyes provide contrast and harmony in colours of fabrics and fibre
3. Explain the difference between natural dyes and artificial dyes
-natural dyes are dyes made from plants whereas artificial dyes are made from chemicals
4. What are the uses of dyes?
-can be used to decorate fabrics
-can be used to decorate fibre such as sisal, palm leaves, *bwazi* and *luzi*
5. Give any three examples of articles that are made using dyed fibre
-hats
-bags
-mats
-baskets
6. State any three sources of yellow dyes
-fruit
-flowers eg sunflower
-roots eg curry
7. What are the two sources of orange dyes?
-fruits eg curry seeds
-flowers
-roots
8. List down any two sources of red dyes
-leaves
-flowers
-tree bark eg *mlombwa* bark

9. Write any two sources of green dyes
 - leaves eg. pumpkin, pawpaw and tomato
10. What are the two sources of brown dyes?
 - charred nuts
 - brick powder
 - soils
11. Suggest any one source of purple dyes
 - fruit
 - flowers eg sweet potato flowers
 - roots eg beetroot
12. Mention the two types of dyes
 - cold water dyes
 - hot water dyes
13. Describe the following terms
 - (i) cold water dyes
 - these are dyes that are used in cold water
 - 13b. Name any three materials that are suitable for cold water dyes
 - cotton
 - silk
 - wool
 - linen
 - sisal
 - palm leaves
 - bwazi
 - luzi
 - (ii) hot water dyes
 - these are dyes that are used in hot water
(the dye and the fibre are boiled together to fix it)
14. List down any three examples of mordants
 - salt
 - chrome
 - tin
 - alum
 - copper sulphate
 - paraffin
 - cream of tartar
 - acetic acid
15. Describe any two characteristics of good dyes
 - colours should not fade after repeated washing
 - colours should not fade in light
 - should not discolour with body sweat
 - should not come out when used with laundry materials eg. bleaches

TOPIC 2: Cavings

1. What two materials are used for carving?
 - wood
 - soapstone
2. What factors must be considered when choosing a wood for carving?
 - hardness
 - softness
 - thickness
 - type of wood

3. Why is it necessary to study the type of wood before carving
 - it helps to decide the type of artifact one would make
 - it can help to avoid using poisonous wood for kitchen utensils
4. Explain the importance of designing before carving
 - to ensure perfection in the proportions and main shapes of the object
5. What does designing involve?
 - the right size
 - the length of the object
 - the thickness of the object
6. Why is it important to plant more trees?
 - to ensure sustainability of the carving industry
7. List down any tools used for carving
 - adzes
 - mallets
 - chisels
 - knives
 - rasps
 - saws
 - vices
8. Describe the uses of the following tools when carving
 - (i) rasp
 - it is used for smoothing the surface of the item
 - (ii) vice
 - it is used for holding the wood
9. Name any two examples of carved items
 - candle holder
 - salt shaker
 - mortar and pestle
 - cooking sticks
 - wooden spoon
 - walking sticks

TOPIC 3: Garment construction

1. Why is it advisable to take body measurements before sewing a garment?
 - to make a fitting garment

Refer to pages 15 to 17 for details on garment construction

UNIT 10 CAREER DEVELOPMENT

TOPIC 1: Careers in local arts

1. Mention any two examples of local arts that provide opportunities for self employment
 - crafts
 - pottery
 - weaving
 - music
 - carving
2. Describe any two ways of exploring career prospects that exist in the community
 - participating in career awareness activities
3. What are examples of career awareness activities?
 - career exhibition
 - education tours
 - role modelling
 - career talks
 - work session
 - occupational information dissemination

TOPIC 2: Career path development

1. What is meant by career path development?
 - is a process of providing relevant career information and experiences to an individual
2. What are the two groups of career?
 - formal employment (white collar)
 - informal employment (blue collar)
3. What does the term 'job shadowing' mean?
 - it is an unpaid experience where a learner follows a practitioner for a short period of time to learn about a particular occupation or industry
4. Write down the three stages of job shadowing
 - pre-experience activities
 - on-site activities
 - post experience activities
5. Outline the steps in pre-experience activities
 - conducting a research through reading books about the field to be shadowing
 - writing preconceptions and expectations for the job
 - preparing questions to ask the practitioner
6. What is involved in on-site activities?
 - observing practical application of what was read
 - asking the host about their career paths
7. Describe the steps in post-experience activities
 - writing the differences between the expectations and the realities of the work

UNIT 11 DISCRIMINATION AND PREJUDICE IN ARTISTIC PERFORMANCES

TOPIC 1: Gender biases and inequality in dances

1. List down any three examples of dances that are gender biased
 - chintali
 - malipenga
 - gulewankulu
 - uyeni
2. Mention any two examples of dances that are performed by both males and females
 - tchopa
 - manganje
 - ngoma
3. What is the importance of dances that performed by both males and females?
 - they promote gender equality
4. What is the disadvantage of dances that are performed by one sex only?
 - they are gender biased

TOPIC 2: Stereotyped art and craft activities

1. Define the term 'stereotype'
 - is having a fixed idea about a particular person which is not true in reality
2. Give any two examples of crafts that are stereotyped
 - making hoe handles *is for men*
 - making mortars *is for men*
 - making clay pots *is for women*
 - knitting *is for women*
 - sewing *is for women*

TOPIC 3: Plays depicting discrimination and prejudice

1. Define the following terms
 - (i) prejudice
 - is the feeling of fear, hate and distrust of people who are different without any reasonable facts
 - (ii) discrimination
 - is showing bias or favouritism for specific people against the other
2. On what basis do people discriminate against one another?
 - sex
 - culture
 - religion
 - language
 - colour
 - ideology
 - disability

3. Explain any one disadvantage of discrimination and prejudice in arts
 - it leads to lack of appreciation of other people's talents
4. Suggest the importance of plays that tackle issues of discrimination and prejudice
 - they instil values that uplift lives of those discriminated against

UNIT 12 MOVEMENTS AND MANIPULATIVE SKILLS

TOPIC 1: African dancing styles

1. List down any three features of African dancing styles
 - wriggling of the waist
 - stamping of the feet
 - shaking of the body
 - dancing in cycles
 - use of costumes from natural things
2. What does dancing in cycles symbolise?
 - it symbolises unity

TOPIC 2: Manipulative skills in artistic activities

1. Give any three examples of manipulative skills in physical activities
 - throwing
 - catching
 - kicking
 - striking
2. Write any two examples of manipulative skills in arts
 - drawing
 - carving
 - modelling
3. What are the two common activities that are done to improve manipulative skills physical activities?
 - circle relay
 - pass-and-crouch relay
4. Describe the circle relay
 - the team forms a circle and the ball is passed round the circle from 1 - 2 - 3 - 4 and so on and when the last person receives the ball he/she runs around the outside of the circle and begins passing again
5. Describe the pass-and-crouch relay
 - the ball is passed by the leader who stands in front of the line. The ball is passed back and crouched down until everyone has been a leader

Carving

6. What is carving?
 - is the removal of unwanted material from wood or soapstone to come up with a desirable shape
7. Suggest the tools that are used when planning carving.
 - a pen -a pencil

8. Describe the uses of the following tools in carving

- (i) vice or cramp
 - to hold or grip the wood firmly when carving
- (ii) wood mallet
 - for hitting the handle of chisel or gouge to drive the blade into the wood
- (iii) sand paper or glass paper
 - for smoothing

9. Why are carved items decorated?
 - to make them look attractive

10. Write down any three ways of decorating carved items
 - scorching
 - engraving
 - painting

11. Define the following terms

- (i) scorching
 - it is making patterns on the surface by burning slightly with dry heat
- (ii) engraving
 - cutting out pattern designs on the surface of carved item
12. List down any three examples of carved items
 - wooden spoons and cooking sticks (*used for stirring and serving food*)
 - stools and chairs (*used for sitting on*)
 - mortars and pestles (*for pounding*)
 - canoes and paddles (*used for fishing*)
 - hoe handles and axe handles (*for holding blades*)

Modelling

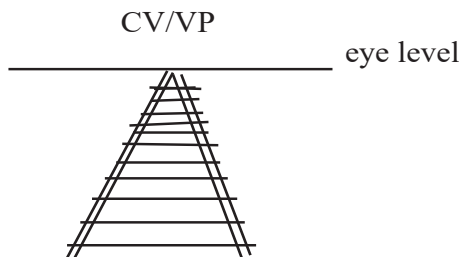

12. What is modelling?
 - is shaping a soft substance into an article
13. List down any two materials for modelling
 - clay soil
 - dough
 - plasticine
 - paper
14. Define the term papier mache'
 - is the art of sticking pieces of paper together with paste or glue to make a model
15. Describe a mould
 - a mould is an object used as a support when pasting the pieces of paper
16. Give examples of objects that can be used as moulds
 - plates -animal curios
 - pots

17. Suggest any materials that can be used instead of glue for pasting
- maize flour porridge
 - cassava flour porridge

Perspective drawing

18. What is meant by perspective drawing?
- is the visual or optical effect which gives a sense of depth, solidity and distance to what is seen.
19. When is perspective drawing mostly applied?
- when drawing three dimensional objects
20. Describe the five rules of perspective

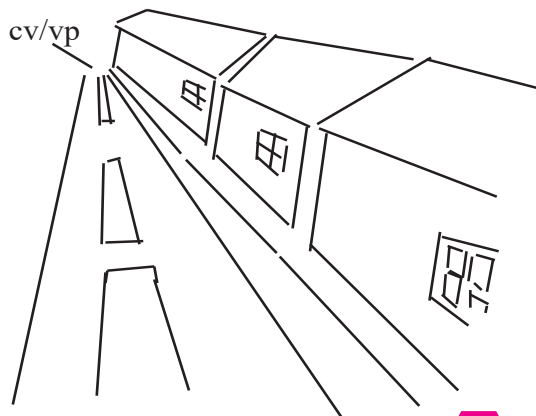

- (a) perspective through parallel lines (linear perspective)
- this means that parallel lines receding into the distance from a spectator appear to get closer together

- **Define centre of vision (CV)
- is the point at which all the parallel lines seem to meet
- **What does VP stand for?
- vanishing point
- **Define vanishing point
- is the farthest point at which a spectator is able to see objects being viewed as they recede into the distance

- (b) perspective through size (perspective of scale)
- this means that objects of similar size appear to get smaller as they recede into the distance

- **Define diminution
- is the apparent diminishing of similar size objects as they recede into the distance

- (c) perspective through position (perspective of contour)
- this means that things that are near are placed in front of, and lower down the paper than those far away
- (d) perspective through texture and detail (textural perspective)
- this means that an object looks nearer by giving it greater textural detail than objects in the distance
- (e) perspective through colour (aerial perspective)
- this means that things that are in a distance are given paler bluer tones

TOPIC 3: Idealised images of artistic performances presented in pictorial form

1. Define idealised image
 - is an imagination about certain things
2. What is a good example of idealised image?
 - imaginings about heaven
3. Explain the importance of idealised image
 - helps people to understand certain ideas which might be difficult to understand
 - it is the backbone of great inventions
 - it helps in designing different artifacts
4. Suggest any one way of turning ideas and images into real-life situation
 - through mimicking
5. What does mimicking involve?
 - it involves copying or imitating something and presenting it in a funny way

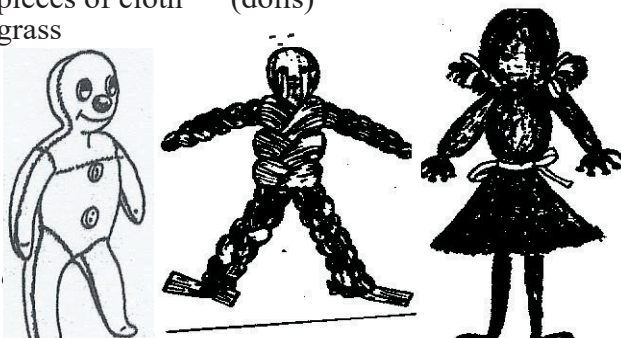

TOPIC 4: Enjoyment in performing artistic activities

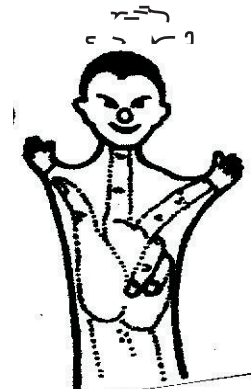

1. How do people show enjoyment in performances?
 - through body expressions
2. Give one way of showing enjoyment in dances
 - the dancing styles
3. What are common ways of identifying elements of enjoyment in performances?
 - facial expressions
 - unique body movements
4. Give any examples of unique body movements used to express enjoyment in physical activities
 - dribbling
 - running
 - throwing
 - jumping

5. Mention any two ways of identifying enjoyment in music
 - use of dynamics
 - tempo changes
6. How is enjoyment shown in dancing
 - the way one twists the body
7. Suggest how actors and actresses can show enjoyment
 - articulation of words
 - the way one does movements
8. Outline any two ways how the audience can show enjoyment
 - jubilating
 - ululating
 - imitating
 - clapping hands

ADDITIONAL NOTES

TOPIC: Dolls and puppets

1. What are dolls?
 - dolls are representations of human beings
 2. What is the main use of dolls?
 - they are used to play with
 - they can be used as characters in imaginative stories
 3. List down any three materials for making dolls
 - plastic papers -cartons
 - clay soil
 - pieces of cloth (dolls)
 - grass
- 
4. What are puppets?
 - puppets are representation of human beings as well as animals
 5. What are uses of puppets?
 - they are used for plays
 - they are used for sending important messages
 6. Outline any three examples of occasions during which puppets can be used to pass messages
 - world Aids day
 - world population day
 - agricultural shows
 - education days

a puppet

7. Explain any two similarities between dolls and puppets
 - both can be made using similar materials
 - both can be used for playing
 - both can be dressed
 - both can be modified
8. Outline any two differences between dolls and puppets
 - puppets are used to send messages while dolls are for playing
 - dolls are complete figure whereas puppets may not always be complete figure (can be the head only)
 - puppets are usually lighter than dolls
 - puppets may have exaggerated features eg. big ears while dolls are proportional in size
 - puppets use fingers for movements while dolls do not use anything

TOPIC : Wall charts and wall hangings

1. Explain any two similarities between wall charts and wall hangings
 - both are hang on walls
 - similar materials are used in making them
 - both can be decorated by painting or colouring
2. What are the differences between wall charts and wall hangings?
 - wall charts are mostly used for education while wall hangings are for decoration
 - wall charts are put in the classrooms whereas wall hangings are put in the homes
 - wall charts are made from papers while wall hangings can be made from knitting wool
3. Why should wall charts be big enough?
 - for easy reading
 - to attract readers
 - to accomodate important information
